Shelf Life	:	24 months
Storage Conditions	:	Stored at -18 degree
Box Weight	:	5 kg - 10 kg bulk / Private label
Packaging	:	Master carton box, rider, printed bags
Origin	:	Turkey

Do you know fried Silver Smelts ?

These little fish eat like chips and are so delicious. They are flavorful and a great addition to any fried fish dish with its high protein white meat.

The high levels of protein allow the meat to retain significant amounts of moisture. This makes silver smelts ideal for fish cakes and other ground fish dishes. It also works very well as fillet too.

Frozen Sea Bass Fillet

Latin Name	: Dicentrarchus Labrax
